## Innovation Development Services Area

Innovation Development is a software company established at Cairo, Egypt at 2016. We are a Microsoft partner and have been working on Software solutions in the Middle East and United States for over 7 years.

We have a strong focus on .NET Framework, .NET CORE, and Microsoft Dynamics 365, implementation, integration, support and customization in Middle East and United States.

Our team comprises of highly skilled and certified technical and functional consultants, and developers over the years we have developed many custom solution and many products at Microsoft AppSource

### Innovation Development Services Area

### ABU DHABI ISLAMIC BANK

We start working with ABU DHABI ISLAMIC Bank (ADIB) from 2018 until now. we have a good success story with ADIB start from supporting ABU DHABI ISLAMIC Bank's website at 2018 and then develop a new website at 2019 and continue Working with the bank at many integration with leads system, customer service system and FX Rate and continue supporting the website until 2023 and we are in progress of develop a new version of ADIB website

### Al Baraka Bank

We started work with Al Baraka Bank's website at 2022 and website has been lunch at JAN 2023 as a backbone of the marketing strategy of the bank it was a chalenagable project, to complete full dynamic website at a very limited time. but finally it lunched and helped the bank to continue there marketing and branding strategy.

Directly and after deliver the website we start a continues plan for suport and develop new features and options at Al Baraka Bank's web site.

### Ministry of Culture and Youth - UAE

Ministry of Culture and Youth at UAE had a web portal for all requests with the ministry and Ministry Employees manage and act with the requests from custom backend solution. and our project is to build Dynamics 365 CE solution can handel all Ministry's requests and help the employees to manage and take actions regarding requests in very easy way and with using the capabilities of Dynamics 365 CE. the main chalange was to build the solution and migrate the data from the old system which had a different data scrture to the Dynamics 365 without losing any of them

finally the solution delivered at March 2023 and the Dynamics 365 CE solution run with a full integration with the Ministry portal and all requesters data migrated to the new CE solution

### Misr El Khier Foundation

It is a long success story with Misr El khier start from 2019. at Feb 2019 inovation Development signed a support contract to support and develop new features at Misr El Khier CRM 2012. and then we start a new implementation at 2020 for Dynamics 365 CE, the new solution handle all donations abd beneficiary business cycles for whole organization. and after the successfully implementation for Dynamics 365 CE we build a mobile APP for donation collection and many integration with most of the departments of the organization.
